TOWN & COUNTRY

Exceptional homes beyond London

Architecture | Design | Build | Joinery | MEP | Project Delivery

Surrey | Berkshire | Hampshire | Sussex

#nu

Designed for country living. Delivered with London discipline.

NU Town & Country brings the NU Projects standard of design, craftsmanship and delivery to exceptional homes beyond central London. We work across Surrey, Berkshire, Hampshire, Sussex and the wider Home Counties, creating substantial private residences with architectural sensitivity, refined interiors and rigorous build quality.

The brief is simple: one team, one contract and one accountable standard from first conversation to final handover.

One brief. One contract. One team accountable.

A complete in-house service.

Architecture, planning, design, technical coordination, build and finish under one accountable structure.

01 Architecture

Design-led homes planned with clarity, proportion and long-term value.

02 Planning & Coordination

Support through planning, consultant coordination and statutory approvals.

03 Interior Design

Refined interior schemes shaped around the way each client lives.

04 Construction

High quality build delivery with control of programme, finish and detail.

05 MEP Integration

Mechanical, electrical and plumbing coordination aligned with architecture and interiors.

06 Project Management

Cost, programme and reporting managed by one accountable team.

07 Bespoke Joinery & Furniture

One-off joinery and furniture packages by our in-house award-winning team.

08 Procurement & Fit Out

Finishes, fixtures and final installation carried through to handover.

Specialist consultants, building control and procurement are coordinated so the whole journey remains clear and controlled.

NU homes, developed by NU.

NU Town & Country will also act as a developer of its own projects, from single houses to carefully considered multi-unit schemes. Each project follows the NU standard: architecture, interior design, build, bespoke joinery and furniture packages delivered as one complete vision.

Single houses

Private residences designed, built and finished to the NU standard.

Multi-unit schemes

Boutique residential developments with the same design control and finish.

Furniture packages

Curated furniture and bespoke pieces manufactured through our in-house team.

One NU standard

No separation between architecture, interiors, construction and detail.

Built for **substantial** homes in the Home Counties.

Our work is focused on places where privacy, plot scale and design quality matter. We bring super prime London discipline into the country-house market without changing the standard.

Surrey

Cobham, Oxshott, Weybridge, St George's Hill, Esher, Wentworth, Virginia Water

Berkshire

Ascot, Sunningdale, Windsor, Bray, Cookham, Sonning, Pangbourne

Hampshire

Substantial family homes, estates, barns and replacement dwellings

Sussex

Country homes, rural estates and sensitively designed one-off residences.

One team. One contract. One standard.

Design, technical coordination, construction and finishing sit under one accountable structure. Decisions are made early. Risks are controlled. Quality is protected from concept to completion.

Nick Jeffries

Founder

As the founder and visionary behind NU Projects, Nick Jeffries brings bold energy and a relentless drive to redefine luxury property development. With a background in construction and the creative industries, his leadership has always fused entrepreneurial flair with an uncompromising eye for design and quality.

NU Town & Country carries that original standard into substantial homes beyond central London. The same restraint, accountability and design-led thinking now guide private residences, country houses and developer-led projects across the Home Counties.

Bold ideas. Exceptional homes. Enduring standards.

Gary Moore

Managing Director

Gary Moore is the Managing Director of NU Town & Country, leading the brand with a clear focus on quality, discretion and controlled delivery across the Home Counties and surrounding country-house market.

Working closely with the wider NU team, Gary helps ensure every project reflects the standards the brand is known for: considered architecture, refined interiors, bespoke joinery and meticulous construction management.

His role is centred on clarity, communication and accountability, giving clients a calm, structured journey from initial brief through to completion.

Calm delivery. Clear leadership. One standard.

David Stone

Construction Director

40+

years experience

100+

homes delivered

£200m+

project value

With over 40 years of experience in the construction industry, David has overseen and delivered more than 100 houses, barns and exclusive apartments across Surrey, Hampshire and Sussex, with a combined value exceeding £200 million.

David has built his reputation on quality craftsmanship, attention to detail and a practical understanding of how exceptional homes are delivered properly. His approach combines traditional construction values with modern residential standards.

Experience, precision and respect for craft.
